## Description

Sinuous, elegant and refined, the ABSOLUTE NAVETTA 68, is a “one-of-a-kind” motor yacht able to capture the eyes of the most demanding and passionate navigators. Versatility and functionality are enhanced by her highly manoeuvrable and fuel-efficient twin Volvo IPS 1350 drives providing a maximum speed of 26 knots, a cruising speed of 22 knots and an economical speed of 10 knots for longer range.

Absolute comfort reigns in indoor and outdoor spaces dedicated to the conviviality, in a framework of precious and elegant materials, according to the unique “Made in Italy” style and providing a real living experience aboard this ABSOLUTE NAVETTA 68 for sale.

The flybridge space is equipped with a hard top whose dimensions are similar to the ones on much larger yachts, that can cover the entire dining and piloting area. Other features include full and upgraded options such as Seakeeper gyroscopic at anchor and underway stabilisation and up/low hydraulic swim platform.

On the lower deck there are four large cabins for 8 guests comprising of the Master cabin raised above the floating level, the VIP cabin and two cabins with single beds (one of which is equipped with an electric mechanism that allows you to join or divide the beds according to the needs), as well as two separate cabins for the crew.

The main deck is characterized by brightness, elegance and flexibility of use. Just think of the entrance door to the saloon with an electric sliding window or an electric sliding glass that gives better privacy to the galley and living room.

Even the raised driving helm has a dividing wall with electric high and down mechanism and has been designed to offer the maximum comfort and the best visibility.

Nothing is left to chance in the ABSOLUTE NAVETTA 68, not even the engine room impeccably organized in order to allow easy operation and maintenance of the components.

Early viewings and offers are strongly encouraged as the vessel has low hours, EU VAT paid and private use only.

## KEY FEATURES
